What can older people do to stay local?

- Make sure they are registered on the North Yorkshire HomeChoice at their local council.
- Approach Parish Councillors - they may know of properties in the village.
- Speak to their local Ward Councillor about new affordable housing in the local area/parish.
- Speak to friends who may be in the same position - affordable housing schemes need support!
- Contact their Rural Housing Enabler for advice on staying local.

Helping Betty and Fred to stay 'local'...

Helping Betty and Fred...

... Betty and Fred are retired and had rented the same property in Ellerbeck since they married.

The cottage has four bedrooms and a large garden and was where they brought up their three children.

Fred worked for the Post Office for 43 years and Betty was a home carer for over 40 years covering local villages.

When Betty became ill last year the cottage became un-manageable.

There was no central heating and they lived in one room through the winter to keep warm.

Betty's brother suggested they put their names down for a home at Westfield in Osmotherley, their neighbouring village.

They now have a two bedroom ground floor flat which they share with one of their sons. It has an airflow heat pump, to help keep heating bills down, and is much more manageable for them both.

Family support is in the village as two of Betty's sisters live nearby, and they often have their grandchildren to visit.

The cottage that they left in Ellerbeck is now on the market and it is hoped that a young family will be able to buy it.

The couple enjoy the great sense of community within the village, with regular events take place including fish and chip nights and ladies teas.
